Group 1 - Runes 1, 2 and 3 - Carver's Intentions

The first three runes tell you what the runes think about your intentions in relation to the question being asked. It is important to keep what they say in mind as you work towards your goal.

Group 2 - Runes 4, 5 and 6 - Helga's Results

For our purposes this group of runes lets us see the possible "wrong" results that may come about if our intentions are not pure or we are not willing to put forth effort to move towards our goal.

Group 3 – Runes 7, 8 and 9 – Thorfinn’s Concerns

This group of runes represents any outside concerns or obstacles that may come into play as we move towards our goal.

Group 4 – Runes 10, 11 and 12 – Egil’s Results

Despite the previous groups and what they have been telling us, this last set of three runes lets us know how we can overcome all that we have been told and still achieve our goal.
